
TECHNICAL MEETING REVIEW 51

Designing an Integrated Fire and Explosion Strategy

TITLE OF PRESENTATION	SPEAKER	COMPANY
ExpressFire – Safe and Cost Efficient Integrated Fire and Explosion Risk Management	Asmund Huser	DNV
Experience in the Use of ISO 23251-2006 in Process Safety Design	Geir Berge	Petrell AS
Tools for Quantifying Domino Effects: Threshold Value, Probit Approach and Reliability Based Method	Sirous Yasseri	KBR Engineering
Quantitative Risk Assessment of Domino Effects Caused by Explosion – A Case Study	Sirous Yasseri	KBR Engineering
Offshore Fires Protection with Water Deluge	Siaka Dembele	Kingston University
